

# PUFFY PAINT

## How to make homemade puffy paint

What you need:

- Shaving Cream
- Glue
- Flour
- Food (or gel) Coloring
- Large Bowl
- Rubber Spatula
- Small bowls (number of small bowls depends on how many colors you want to make)
- Card Stock or paper plates

### Directions:

- Mix equal parts glue and shaving cream together
- Once glue and shaving cream is mixed, add a few tablespoons of flour until you reach desired puffy paint consistency.
- Decide how many different colors you would like and split the mixture accordingly
- Add color to each batch of puffy paint

### Helpful Tips:

- Set up as a center with adult supervision, as puffy paint can be a bit wet, little hands might need help putting it on their paper or plate.
- Separate children into smaller groups to make puffy paint more manageable.
- Use as a sensory center, or use it as a "paint" activity
